SUMMARY

Lighting programmer, board operator, and electrician with nine years in live production — from a 1,900-seat outdoor amphitheatre and Cirque du Soleil's *KÀ* to the mainstage at Pasadena Playhouse. Programs on ETC Eos and grandMA; comfortable diagnosing network and device faults live, against a curtain time that doesn't move.

EXPERIENCE

Lighting Programmer / LX Operator — Pasadena Playhouse — Jan 2026 – Present · Pasadena, CA

Program and operate mainstage productions; diagnose network and device-configuration faults live, against a fixed curtain time.

LX Operator / Electrician — South Coast Repertory — Sep 2024 – Nov 2025 · Costa Mesa, CA

Operated and maintained control systems across two houses; first responder for technical faults during performances.

Lighting Programmer / Master Electrician — PRG — May 2024 – Sep 2024 · Las Vegas, NV

Led crews of up to 15 electricians plus overhire on corporate events; built and commissioned rigs of 75 to 400 fixtures on short install windows.

Lighting Technician — Cirque du Soleil — KÀ — Oct 2021 – Jul 2024 · Las Vegas, NV

Maintained a permanently installed 3,300-fixture system across 11 theatre levels, on a schedule of up to ten shows a week.

Master Electrician — Tuacahn Center for the Arts — May 2017 – Oct 2021 · Ivins, UT

Ran electrics for a 1,900-seat outdoor amphitheatre with rigs of up to 750 fixtures across a repertory season.
